

MURPHY BED INSTALL

Murphy Bed Assembly & Installation:

Starting at \$300 (Basic Twin bed size)

In order to provide a quote, we will ask for the make, model, size of the Murphy bed (twin, full, queen, king, California king or bunkbed and if there is any storage (drawers, cabinets, shelves, etc.), all of which affects the price of the installation. Murphy bed installation have to be done correctly or serious harm or even death can occur from Murphy beds not being properly assembled or anchored to the wall

Murphy Bed Repair Services:

We can repair Murphy Beds depending on the damage of the item or area. The price of the repair will be based on the issue, condition and size of the murphy bed. We will do everything we can to fix your murphy bed to the safest to our ability.

Important Notes:

Your preferred mattress must be on-site. This is to ensure the bed is installed with the proper tension for the mattress you chose. If the mattress is not there, we can perform the installation. However, if we are requested to return for readjustments, a charge of \$50 an hour, per person (2 hour minimum) will be assessed for another trip.

A small section of the baseboard may need to be cut and removed as the Murphy bed must be flush to the wall. Most models are designed to accommodate a base board but removing a small piece of the baseboard may be required on some models for an additional charge.

There is a one (1) hour minimum, per person, for each additional service added to the order (unless the cost of the service is a flat rate project).

Some assembly projects are priced at flat rates (rather than hourly) due to the value of items, liability, complexity of assembly, weight and/or size of the furniture.

*Please note that we currently do not provide moving services of furniture/items. In the event we are required to move any item(s) within any part of your home or office (including within the same room, or a different level, the garage, etc.) a \$50 - \$100 fee will apply per person on the order.
